

Information Bulletin

I.B. No: 024

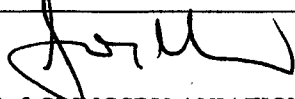

Aircraft Type: PRE MOD 525 T67B, T67C, T67M, T67M-MkII and T67M200

Title: IMPROVED WING TO FUSELAGE SEALS, MOD M525.

Slingsby have been informed of cases of the original wing to fuselage seals, black in colour, detaching from the airframe.

This Information Bulletin is raised to inform customers of the availability of a new seal (colour white). This sealing rubber is of 'tee' section but with barbs on the vertical surfaces to grip on the wing and fuselage. The incorporation of this type of seal invokes Mod M525.

For further information please contact SAL Customer Support Department.
